The case of the ladies' watch will also be sent either plain or in aa engraved case as wanted. The style

of the engraving is shown in the illustration on the right, and it is very tastefully done. The terms

Teaspoons

No American woman has more readers than Marion Harland, and her latest book is her greatest. She traveled on the back of a camel or on foot or on horse-back throughout the Holy Land and Syria. She followed the very footsteps of Jesus, and from Bethlehem through Galilee, to Jerusalem and the Jordan and the lake where he first bade his Disciples to follow him. She went down into Egypt, to Damascus, and other famous places renowned in sacred story. She saw the field of Boaz, the plains of Sharon, Lebanon, Carmel, and the Mount of Olives, where the tragedy of the Cross was enacted.

All these places she has described in a splendid volume of 446 pages, richly bound and illustrated with the finest halftone pictures made from photographs taken especially for this work. It is a life picture of the scenes of the sacred writings. We will send this magnificent book, post-

paid, to any one who will send us a club of only four annual subscribers at \$1 each.

Silver-plated FREE For a Club. See Offers Below.

These teaspoons can be used in cooking, eating and medicines the same as solid silver. They will not, cannot corrode or rust. Teaspoons of equal merit are sold in jewelry-stores for \$1.50 and \$2.00 a set; but because we buy at factory prices, and because we do not make any profit on the spoons (the subscription is what we want), we furnish them at a great bargain. In beauty and finish they are perfect, and for daily use there is nothing better. The base of these spoons is nickel-silver metal, which is silver color through and through, and is then well plated with coin-silver.

Will Stand Any Test. To test these spoons, use acid or a file. If returned to us we will replace, free of charge, the spoon damaged in making the test, provided you tell some of your neighbors what the test proved. We make this offer because such a test is the best advertisement we can get, leading as it does to additional

orders. We absolutely guarantee each and every spoon to be as described and to give entire satisfaction or money refunded.

Initial Letter.

Each and every spoon will be engraved free of charge with your initial letter. We will send a set of these beautiful teaspoons, marked, post-paid, for a club of only three yearly subscribers at \$1 each.
